EXPLANATION FOR ENGLISH PROFICIENCY CODE: EO + # FOR LANG CODE

The HUSD proficiency code EO has been defined as: Student does not speak the language reported on the Home Language Survey. This is automatic when the other language is given only in response to question # 4: "Name the language/Dialect most often spoken by the adults at home."

Please note if the EO code was determined by some other way. Place in student's CUM folder and send a copy to SIAC for data entry.

Name of student _____

School _____

id # _____

ELD Coordinator _____

Date _____

Reasons for determination: Please check

___ Child may understand, but could not produce responses in language other than English

___ Per parent interview (child no longer speaks language other than English)

___ Primary language score was level 0 or 1 (score less than 20)

___ Other. Please explain: _____
